

Set your practice apart by collaborating with the UK's
highest-rated secondary healthcare provider.

DIGITAL HOSPITAL

Our *Mission*

We are here to *raise*
the standard of *healthcare*
making it *simpler, smarter*
and *more personal* for all.

More than ever, private patients are expecting a sleek and high-quality, *digital healthcare experience*.

We are the *forward-thinking* secondary healthcare provider taking private patient experiences to the *next level*

Our patients love us because we provide *unparalleled one-to-one care and support*.

Our *innovative technology* enables us to create efficiencies, streamline processes and bring communication between all parties onto an all encompassing platform.

We work with a *handpicked network of experts* and facilities fulfilling the highest quality standards.

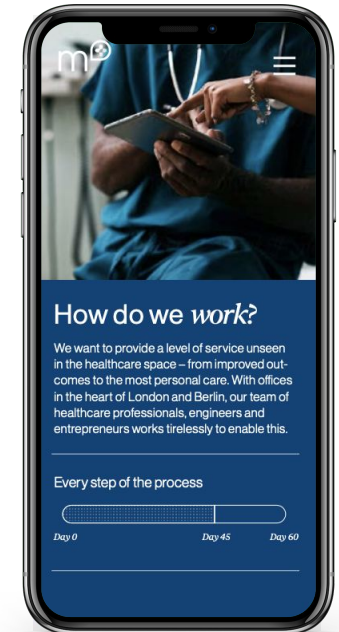

We're bringing the *focus back to outcomes* by re-imagining how data can be tracked and actively used to achieve better results for patients.

Patient Stories

Step-by-step guidance

We're building the *digital hospital of the future.*

medbelle⁺

We provide patients with information, options & support

- ✓ One-to-one care from start to finish (via phone, email & Whatsapp).
- ✓ Handpicked surgeons to choose from.
- ✓ Finance options and private insurance coverage support.
- ✓ Diagnostic imaging and triage options available.

Our innovative technology sets us apart from the rest

- ✓ Virtual consultations directly with our surgeons and physios.
- ✓ Seamless appointment booking and journey overview at any point.
- ✓ Instant access to educational content to empower patients.
- ✓ Patient and partner web apps enabling secure information exchange.

With Medbelle, you can be sure that your patients are
in the best of hands.

medbelle⁺

We select the best surgeons

- ✓ Experienced, UK-registered consultants
- ✓ Specialists for every sub-specialisation (knee, hip, etc)
- ✓ Highest standards of bedside manner

We are clinically robust

- ✓ Tracking and acting on outcomes: PROMs, patient feedback & NPS scores
- ✓ Our specialists perform above the national average
- ✓ Revision rates below the national average
- ✓ Vigorous complication & complaint management

Medbelle is currently supporting patients for orthopaedic, cosmetic and ophthalmic procedures

Abdominoplasty & Liposuction

Face, neck and brow lift

Blepharoplasty & Pinnaplasty

Labiaplasty

Ophthalmology

Cataract

Here's how you can *benefit by building a trusted partnership* with Medbelle.

1

Differentiate your practice from the crowd

Patients value the personal connection and care they receive from their GPs. We want to be an extension of that by making secondary care a personal, patient-centric experience.

2

Generate new revenue streams

We believe in end-to-end solutions and for us that means that patient clinical pathways should always begin and end with the GP. Medbelle want to incorporate GPs into their patients' aftercare process.

3

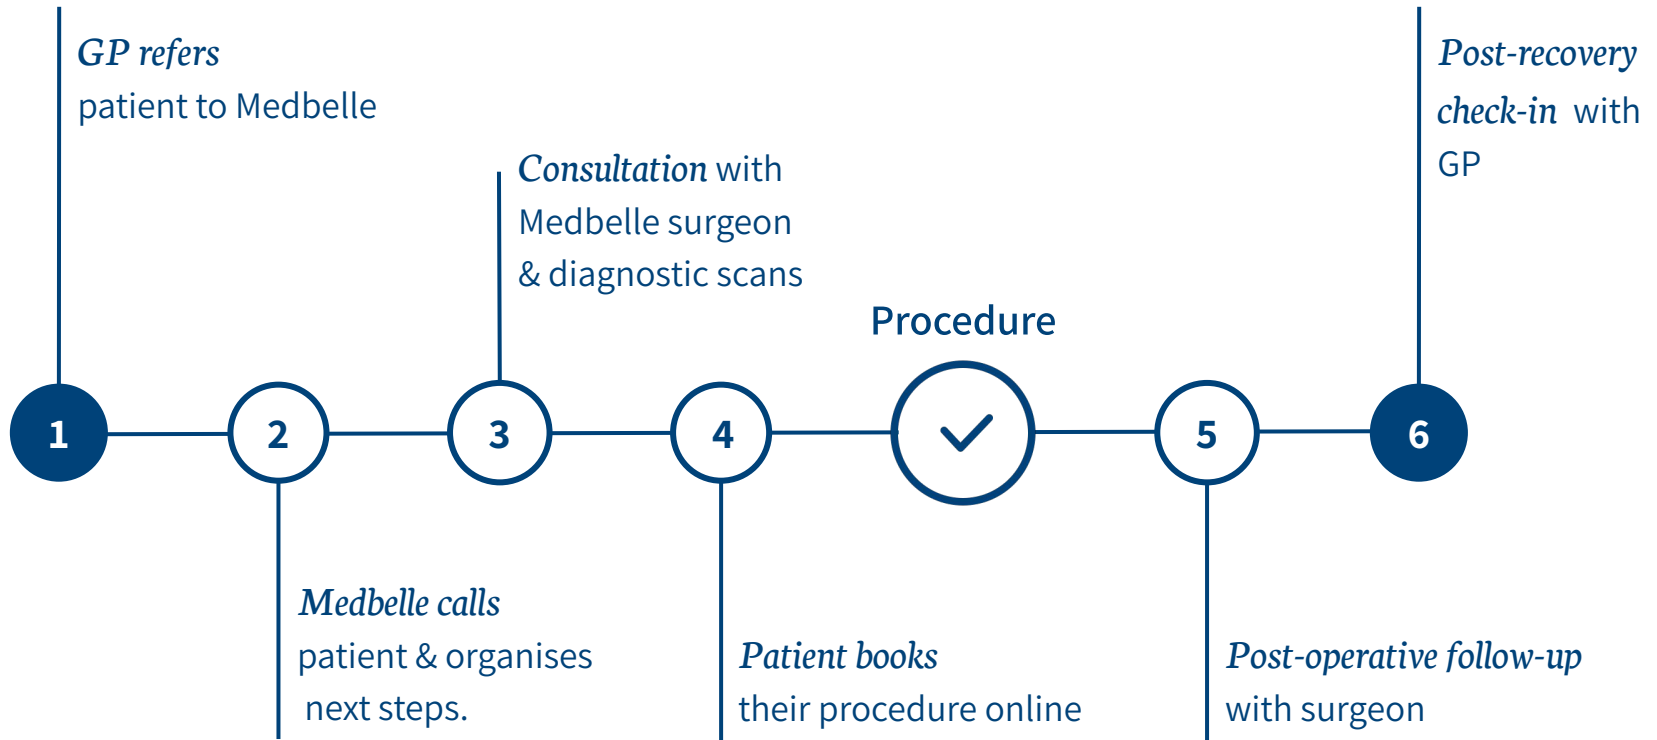

Become part of the healthtech revolution

Our software is what sets us apart from the rest. Medbelle is leading the way with innovative technology that will improve the management and experience of pathways for everyone.

Together we can offer a single, end-to-end solution.

When you refer a patient to Medbelle, they will experience a *seamless journey*, closing the loop with you.

How to refer your patients to *Medbelle*.

Referring to Medbelle couldn't be simpler, just tell the patient to call us on **020 3411 9171** or sign up on **medbelle.com**

If you'd prefer a more integrated approach, we are happy to jump on a call and discuss a referral method that works best for your practice.

Providing *simpler, smarter, more personal* healthcare for everybody.

We'd like to leave you with some kind words from our patients.

“Medbelle provided me with a great package to fix my knee problem. My personal advisor Anne was and is still very helpful with booking appointments and making sure everything is going well and according to plan. Medbelle has to be commended as first class, they will guide and deliver with honesty and Integrity.”

Yuusuf, ACL reconstruction patient
August 2020

“From our 1st phone call with Medbelle and continuing post operation the care and helpfulness has been excellent. The procedure was booked and every step of the way Julia at Medbelle has helped us. We would not hesitate to use Medbelle or recommend them.”

Jacob, ACL reconstruction patient
