

Welcome to the future of healthcare

Medbelle's model for healthcare

Medbelle has redesigned the healthcare model to prioritise clinicians and their patients. Our consultants are partners, not employees, giving them full control over their fees and practice management.

We offer a suite of products designed to support the growth of your practice.

Medbelle PatientConnect

PatientConnect is a comprehensive solution for enquiries and bookings that drives immediate practice growth, enhances patient experience, and generates insights for future development.

It integrates with your website for online booking and offers an enquiry service, using your own phone number and email, managed by Medbelle staff.

How PatientConnect captures bookings directly to you

- ✓ Best-in-class Online Booking
- ✓ Enhanced Online Referral Capture
- ✓ Trained Enquiry Managers
- ✓ Optimising Your Digital Profiles
- ✓ Paid Marketing Campaigns
- ✓ Tracking Enquiry Sources

The benefits for consultants

Boost Practice Growth with Better Booking:

Avoid missed opportunities by fixing preventable issues like no online booking, unclear contact methods, slow responses, or missed calls. Enhance the patient experience and make your practice the top choice.

Grow Your Practice with Actionable Insights:

Knowing where your patients come from helps you make informed decisions, allowing you to confidently invest in areas that drive growth.

Take Charge of Your Practice's Success:

Successful practices manage their own patient bookings, gaining more control over theatre access, fees, and patient pathways for a more efficient and rewarding experience.

Unlock Your Growth Potential:

After 3 months with us, you'll receive a personalised Medbelle Growth Evaluation report, featuring tailored strategies and recommendations based on insights from your practice.
